

Gambero Rosso 2021 Vini d'Italia

This year is the 34th edition of the “Italian wine bible” . The Guida 2021 has a total of 1056 pages, 46000 wines were tasted, 24638 entered the guide , 467 wines were awarded “ **3 Bicchieri** “ .

We are proud to announce that the wine “ **Tenuta di Valgiano rosso**” **2016** was awarded “**3 Bicchieri** “ for the 14th year in a row; this wine has also been named “ 3B verde” along with 125 others, where only 11 of these wineries are farming biodynamically.

Translated from page 726 :

“ Valgiano is first and foremost a place of unparalleled beauty: undoubtedly one of the keys to understanding the history and paths of the private and professional partnership between Moreno Petrini and Laura di Collobiano, simply because here, life and work have undefined boundaries, as much as the collaborators of the agricultural and wine project. Among these we should mention Saverio Petrilli, a true “pope” of Italian biodynamics, certainly decisive in the choices that have led the great wines of Valgiano over time.

Great vintage and great version of Tenuta di Valgiano '16 . This wine “sparkles” with life, in the purest fruit that fades into sensations of underwood and refined spices; the mouth is magnetic, three-dimensional, silky and very tasty in the tannic texture that lengthens the finish. Truly one of the best ever for this gem. Played in subtraction on the material level, but rich in flavour, the white Palistorti '19 “

PS: The wine “Palistorti di Valgiano rosso” is not mentioned in the 2021 guide, as we shall present the 2018 vintage this year. This wine is issued from the younger vines (average 20 years), it is another super expression of the Valgiano terroir. As a matter of fact, the “Palistorti rosso 2017” was awarded “3 bicchieri “ first time in 23 years of this delicious nectar.
